StayConnected @ Hilton™

powered by AT&T Wi-Fi

Connection Guide

Wi-Fi Internet Access

1. Start with your Wi-Fi enabled device off. Turn on your computer and connect to either the "attwifi" or "hhonors" SSID. Continue with Step 2 below.

Wired (Ethernet) Internet Access

1. Start with your notebook computer off, connect the Ethernet cable to your Ethernet port on your computer, and turn on your computer.
2. Open your Web browser and you should see the StayConnected Welcome page. If you do not, see the Connection Tips below for helpful suggestions.
3. Please follow the sign-on instructions to Connect.
4. You are connected! You should be able to launch your VPN, email, or other web software.

Connection Tips:

If the StayConnected Welcome Page does not appear when you launch your browser:

- Disable any proxy server settings in your browser.
- Disable any firewall settings that may prevent the Stay Connected Welcome Page from loading.
- Try to access web pages in your browser that you normally don't visit, such as www.msn.com.
